# EYE-LEVEL DIGITAL HEALTH CARE SCALES

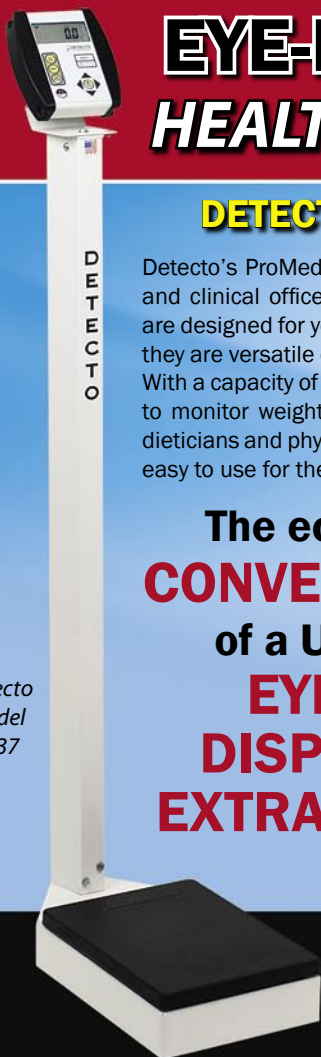

## DETECTO MODELS 6337/6339

Detecto's ProMed® scales are the right choice for home, health, and clinical office weighing. These all-USA-manufactured scales are designed for years of dependable and accurate weighing, plus they are versatile enough to meet all clinical health requirements. With a capacity of up to 500 lbs, the 6337 and 6339 are designed to monitor weight in the home or medical office. Prescribed by dietitians and physicians, the inclusive Body Mass Index feature is easy to use for the monitoring of personal health/medical needs.

**The economical CONVENIENCE of a USA-MADE EYE-LEVEL DISPLAY with EXTRA-LARGE DIGITS**

The steel construction of Detecto's ProMed® scales ensure years of reliable weighing. The baked-on epoxy paint finish combines with a lift-off platform cover for easy cleaning to maintain a sanitary environment in the home or office. With the push of a button, readings appear in pounds or kilograms.

Detecto Model 6337

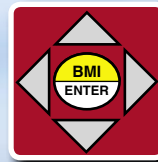

**HEAVY SCALE BASE**  
Spacious weighing platform with heavy steel base for patient assurance during measurement.

**MADE IN USA**  
Manufactured in the heart of America. Built with all-steel construction for long-lasting weighing durability.

**BODY MASS INDEX**  
Simply touch the BMI key and utilize the toggle arrows to adjust the patient height for BMI calculation.

**VERSATILE POWER**  
Use either 6 "AA" batteries (not included) for efficient mobility or the AC adapter (optional).

**HEIGHT ROD**  
Detecto's ProMed® model 6339 also offers an integral height rod.

- **Single load cell design, incorporating the same scale base as the standard in the medical weighing industry.**
- **Heavy-duty 500lb capacity with medical grade accuracy to 0.2 lb.**
- **Durable - long lasting - great investment.**
